Financiers of Health Care are Becoming More Active

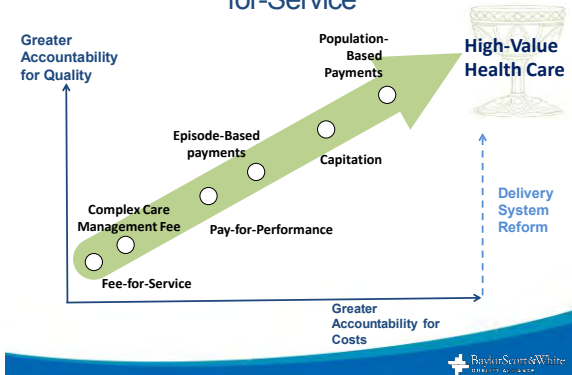

*"Instead of payment that asks 'How **much** did you do?', the Affordable Care Act clearly moves us toward payment that asks 'How **well** did you do?', and more importantly, '**How well did the patient do?**'"*

Dr. Donald Berwick
Centers for Medicare & Medicaid Services (CMS) Administrator

Six Initiatives

Finance/Delivery Model

(Payor/BSWQA Collaboration)

Our Aim: A model of care that delivers on **convenient access** to services • **high-value episodes of care** through standardized, coordinated care • **in-network retention** across sites and services.

- Financing mechanism**
- Claims management
 - Member customer service/Digital portal
 - PBM
 - Utilization Management
 - Benefit design encouraging
 - ✓ Patient loyalty to the system
 - ✓ Provider alignment

Comprehensive, Coordinated, Care Delivery

- Primary/Specialty care providers
- Hospitals/Post-Acute care facilities
- Preventive Health/Disease Management
- Care Coordination
- Risk stratification/predictive modeling
- Health Information Exchange
- Performance accountability

■ **Proposed Value-based Payment Models**

- ✓ Shared savings – initially and then evolving to...
- ✓ PCP cap or glide to risk

Incentivizing PCPs Shifting the Risk

Case in Brief: Iora Health

- Progressive medical group based in Cambridge, Massachusetts with 12 clinics throughout the U.S.
- Refers selectively to high-quality, cost-effective specialty partners

“In our initial arrangements, we were creating a lot of value, but not always sharing in it. Now, with broader shared risk, the incentives are more aligned.”

Zander Packard
COO, Iora Health

Giving PCPs Control of the Budget

From Primary Care Capitation to Global Risk

Under original model, Iora receives PMPM¹ fee for primary care services

New contracts with insurers include shared risk based on total cost

Identifying High-Value Partners

Eliminating High Spenders

Use payer claims data to eliminate physicians who are drumming up volumes

Finding a Cultural Fit

Identify most collaborative partners (e.g., those willing to commit to curbside consults)
