2013 Annual Meeting **Agenda**

Hyatt Regency Lost Pines Resort and Spa

Located at: 575 Hyatt Lost Pines Road Austin, Texas 78612 http://lostpines.hyatt.com/en/hotel/home.html

This 405 acre resort adjoins 1,100 acres of nature park near Bastrop, Texas. On-site, you'll find a huge variety of recreation, leisure and entertainment options, from horseback riding to a spa, golf and water recreation activities. Choose the dining to suit your mood, from casual cafes to fine dining, or possibly some ice cream from a general store. Overall there is 60,000 square feet of indoor, and 230,000 square feet of outdoor, event space, as well as a creative, helpful and expert staff. You can order up some room service almost anytime, but you may want to head down to the bar for some live

music first. There is a wide range of accommodation, from rooms to suites and even special hypo-allergenic and handicapped accessible lodging. Look out over the grounds from your balcony, and truly relax and rejuvenate —even while at a business meeting.
